ACVA's Vision Statement

Our vision for the American College of Vedic Astrology is to promote the study of Jyotish through certification programs, symposia, research and on-line education.

What is the ACVA Online Program?

The American College of Vedic Astrology Online Program empowers people from around the world to become skilled at Jyotish via the Internet.

Students must be able to read and write in the English language. Ability to access the Internet with beginning computer, email, and word processing skill is required.

This program is designed to prepare students for the AVCA Level I and Level II Certification Examinations.

Why Choose Our Level I and Level II Courses Online?

This convenient, yet comprehensive program covers the fundamentals of Jyotish in Level I and the more advanced techniques of chart interpretation in Level II. An internet based approach allows busy students the flexibility to attend online classes from any location in the world and as their schedule permits.

Our course design creates an online classroom that is innovative and exciting, offering the optimal integration between flexibility and stability that is required to be a successful online learner.

Highlights Of Each Module Are:

ACVA Online Level I Course Modules

Module 101: Foundations of Vedic Astrology: Vedic history, philosophy, astronomy and the various astrological chart styles.

Module 102: Grahas (Planets): The beginning of your astrological studies, the significations of the planets, evaluating planetary strength, symbolism of planets and planetary combinations.

Module 103: Rashis (Signs): Names, symbolism and significations of each zodiac sign, the importance and meaning of each rising sign.

Module 104: Bhavas (Houses): Learn the various house systems, what each house signifies, house characteristics, the meaning of planets residing in houses.

Module 105: Yogas (Planetary Combinations): Learn the influences of various planets in combination, including the drishtis (aspects).

Module 106: Chart Analysis Part 1: Learn how to bring it all together, chart synthesis.

Module 107: Nakshatras, Divisional Charts: Learn the lunar mansions (Nakshatras), introduction to the primary 16 divisional charts.

Module 108: Chart Analysis Part 2: A more in-depth chart analysis Utilizing the nakshatras and divisional charts.

Module 109: Forecasting or Timing of Events: Learn about dashas (planetary time periods), gochara (transits), ashtakavarga (house strengths), varshaphal (annual solar return), muhurtha (electional), prashna (horary) and other techniques such as nimitta (omens).

Module 110: Remedial Measures and other Vedic Sciences: Qualifications of a Vedic astrologer, learn appropriate remedial measures, explore ayurveda (medical), vastu (architectural), palmistry, Sanskrit and the ethics of an astrological practice.

ACVA Online Level II Course Modules

Module 201: Advanced Chart Interpretation; Part One (Shadbala)

Module 202: Intro to Rectification & Advanced Chart Interpretation; Part Two (Dasha and Gochara)

Module 203: Advanced Chart Interpretation; Part Three (Ashtakavarga & Varshaphal)

Module 204: Panchanga and Muhurta

Module 205: Prashna or Horary Astrology

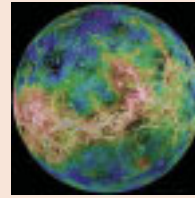

Module 206: Career and Life Purpose

Module 207: Ayurvedic Astrology and Drekkana

Module 208: Vedic Astrology and Compatibility

Module 209: ACVA Coaching Model Part I

Module 210: ACVA Coaching Model Part II

The Organization of the Modules

ACVA's Level I and II course online consist of 10 modules each. Each module is three weeks long with a two-week break in-between each dynamic educational session.

This integrated and interactive program is designed to keep the student engaged, motivated and excited. Working with fellow students and their instructor, via our unique ACVA Online discussion board, allows for very rich and dynamic exchanges and deeper learning opportunities. Each module has a different instructor. This allows the student to study with instructors with diverse Vedic astrology backgrounds.

Interactive learning checks and other innovative learning activities help the student master the Jyotish concepts and terminology. Since this is an online course in learning Vedic astrology, early on in the Level I course, students are encouraged to start looking at natal charts. After the fourth module, learners begin to evaluate and understand natal horoscope charts.

A Jyotish Community Design, Online

The design of the ACVA Online program is to provide a small and intimate setting. This allows for more individual instructor attention and fosters a supportive team environment.

We at the American College of Vedic Astrology realize that in order to become successful, one must have the backing of a community of experienced and supportive teaching staff, graduates and fellow students.

What Our ACVA Online Students Are Saying

This is my first on-line course and it's awesome. ACVA has done an incredible job in compiling in-depth material in an understandable format for the beginner. The site is easy to navigate, even for beginners like me.

- A.H., Sammamish, WA

I appreciate the class structure in terms of partnered/peer communication as I feel a part of the group...a sense of belonging and/or team within my day-to-day human interactions is a beautiful feeling for me

- A.B., Torrington, CT

As a start in the study of Jyotish this week has been wonder-full, exciting, challenging and rewarding. The structure of the course is brilliant.

- P.A., Boulder, CO

Requirements

No prior knowledge of astrology is required for our Level I course. Current students and practitioners of astrology will find this course worthwhile and stimulating. Our Level II course requires that students be ACVA Level I certified or a graduate of the ACVA Online Level I course. Ability to access the Internet with beginning computer, email, and word processing skill is required.

Tuition and Registration Fees: Level I Course

Tuition is \$3250 for 10, three-week modules (\$325 per module). Tuition can be paid in one installment, or by monthly installments guaranteed with a credit card. \$200 discount is given to tuition paid in full, one week prior to the start of class. There is an additional \$95 registration fee.

Tuition and Registration Fees: Level II Course

Tuition is \$3450 for 10, three-week modules (\$345 per module). Tuition can be paid in one installment, or by monthly installments guaranteed with a credit card. \$200 discount is given to tuition paid in full, one week prior to the start of class. There is an additional \$95 registration fee.
